de la detection doublon, le flux réglé. Si ce flux n'est pas conforme à la facture que vous êtes entrain de saisir, alors, ajouter un 1 au numero de titre. Si vous rencontrez d'autres type de cas, alors, nous donner des exemples,
erreur taux RC à l'étape 5
incohérence code acte à l'étape 4
Si c'est de la DMT 196 à saisir (consigne dans le guide à confirmer en réunion) sinon, incohérence montant
Mettre le guide à jour car il faut faire un arrêt facture assuré au lieu de erreur contenu facture
'commentaire' sauf pour avril frontalier ou il faut pousser la saisie
Consigne envoyé le 24/11
Si FMP prendre en compte la fiche consigne sur les honoraires .Sinon verifier prise en charge accordé (suivre le process et droit) et fournir exemple si besoin si droit ok pec ok et motif d'erreur non couvert
part rc differente des calculs avec le commentaire SHO à la charge de l'assuré
part rc differente des calculs avec le commentaire SHO à la charge de l'assuré
destinataire de paiement incertain: le ps n'est pas identifié clairement sur la facture et si c'est concernant l'assuré alors interrompre pour incohérence identité bénéficiaire à la place de bénéficiaire indeterminable
erreur taux RC à l'étape 5
Saisir la pec en MT 23 car c'est écrit sur la facture c'est préciser ambulatoire
verifier si pec accordé au préalable et conforme et faire un arrêt pec refusé initialement accordé si besoin
verifier la saisie initiale et interrompre un fois l'analyse effectuée
les deux DMT font partie de la même nature de soin saisir en deux lignes les actes PJ et Fj en modifiant la
Saisir la pec en MTO4 si l'acte est sur une journée
majorité du temps vous saisissez les factures en doublon conformément au process). Dans le cas ou vous visualisez un paiement initial et conforme à votre facture il faudra alors saisir sans suite à PEC conformément et noter le finess de la saisie initiale
Faire un retour géré par l'OC

Interrompre avec le motif destinataire de paiement incertain (faire consigne car incohérence avec le guide)
manque de detail avec le sous motif : PS à rembourser
priorité des numeros de factures (FSE, numero de facture,,,) , si le numero est different en fonction des documents présents dans le NUO, prioriser celui qui est sur la facture type 'cerfa'
Si c'est transport, on ne tient plus compte de l'ordonnance, pour le reste, faire un arrêt 100% RO
Pour le manque part RC, on fait confiance à l'outil voir guide element non obligatoire pour la saisie, Pour le manque RO element non obligatoire, Pour le manque montant dépense tout depend si d'autres éléments sont présents.Si tout est manquant, alors faire un retour manque de detail en cochant ce qui manque
cette donnée n'est pas obligatoire en saisie, si présence de 2 numeros en prendre un des deux le plus visible.
cette donnée n'est pas obligatoire en saisie, si présence de 2 dates en prendre un des deux, la plus visible.
Pour ce type de cas, selectionner le sous motif : Incohérence code acte
En effet, pour ce type de cas, selectionner le sous motif : Prix unitaire non conforme
En effet, il s'agit d'un hors parcours de soin 'signalée sur la facture', il faudra donc stopper la saisie avec le motif hors parcours de soin, à partir de l'etape 3 si possible

Privilégier le sous motif incohérence identité bénéficiaire, plutôt que destinataire de paiement incertain quand vous avez assez d'information sur la facture pour être certain que le motif d'arrêt est justifié, En cas de
